YSZ High School Girls volunteered at Tomchei Shabbos of Queens this week to help package food for those less fortunate before Pesach. *Chesed* is an essential Torah value. Some may believe that there are only givers and takers in life. These girls realized that giving to others feels so good, it almost felt like taking!

Thank you to the *chesed* leaders, Naomi Mordukhaev and Bracha Osnat Khaimova, for coordinating the effort, and to Mr. Shimi Pelman, President of Tomchei Shabbos of Queens, and Mr. David Mordukhaev of the Alliance of Bukharian Americans for making it happen. Most of all, we would like to thank Tomchei Shabbos of Queens for hosting our high school girls and allowing us to contribute to this year's Pesach distribution.
